

ELIAN BAZAN

Palmhurst, TX · 956-378-5330 · elian.3bazan@gmail.com

SUMMARY

Detail-oriented professional with 8+ years of experience entering, updating, and maintaining accurate data across medical marketing, clinical records, and software development. Proficient with Excel, Google Sheets, EMR systems, and database tools. Self-taught web developer who designed and built a financial web application from scratch — tech-savvy and quick to learn new platforms. US-based with reliable internet, comfortable working independently in a remote setting.

EXPERIENCE

Medical Marketer

Only Love Home Care · Rio Grande Valley, TX · 2017 – 2021

- Entered and updated referral data for hundreds of physicians across the Rio Grande Valley
- Reviewed records for accuracy and reconciled discrepancies in tracking spreadsheets
- Maintained organized files of MD contact information, visit history, and outreach metrics
- Followed standardized data entry procedures to support monthly reporting

Physical Therapy Technician

XO Physical Therapy · 2021 – 2022

- Entered patient encounters into EMR systems with daily accuracy requirements
- Reviewed documentation for correctness before submission to billing
- Maintained patient records, intake paperwork, and insurance verification files

Founder & Web Developer

Yieldos.app (yieldos.app) · 2025 – Present (side project)

- Designed, built, and maintain a full-stack financial web application from scratch (React, PostgreSQL, Vercel)
- Manage data validation and integrity across thousands of user records in a relational database
- Daily quality-assurance work, schema design, and accurate record-keeping procedures

EDUCATION

Doctor of Physical Therapy (DPT)

University of St. Augustine School of Health Sciences · Graduated 2025
